A WORD FROM THE FOUNDER

The RENEW Experience™ Retreat—now entering its third year—is a 4-day transformational retreat created to help women leaders step away from unrelenting demands, reclaim their energy, and return stronger across every dimension of their lives: mental, emotional, spiritual, and professional.

But the retreat is more than a single gathering. It is part of a year-round ecosystem that nurtures connection, accountability, and sustained growth. The experience offers the opportunity to reset, and the community ensures those shifts take root by strengthening leaders long after they return home to their day-to-day responsibilities.

This matters because when leaders are aligned and restored, organizations feel the impact. Cultures elevate, collaboration deepens, and decisions become more grounded and strategic.

I've lived this firsthand, and I've witnessed the transformation in hundreds of women whose renewed clarity has reshaped teams, families, organizations, and communities.

Thank you for considering The RENEW Experience™ Retreat as an investment in the well-being, resilience, and long-term effectiveness of the leaders who carry so much, yet rarely pause to refuel.

CEO & FOUNDER

THE RENEW EXPERIENCE™

WHAT IS THE RENEW EXPERIENCE™ RETREAT

Now in its third year, the retreat is a 4-day immersive journey that creates space for women leaders to pause, recenter, and return to their roles with renewed strength, confidence, and direction.

The experience blends leadership workshops, reflective practices, gentle movement, our signature Masterpiece Gala, and soul-nourishing conversations.

Participants gain greater clarity, confidence, and purpose. And because the retreat is also part of a year-round community, the transformation continues through shared learning, accountability, and practices that support sustained personal and professional growth.

- Women navigating major transitions
- High-performing women seeking clarity, grounding, and renewed focus

IMPACT FOR ORGANIZATIONS INVESTING IN THEIR LEADERS

The RENEW Experience™ Retreat strengthens the leadership capacity, well-being, and long-term effectiveness of women across all levels of an organization. Companies benefit when leaders are clear-minded, emotionally grounded, and able to sustain high performance without burning out.

- Reducing burnout and turnover, protecting investments made in high-performing women.

PARTICIPANT TESTIMONIALS

I think the difference is that when you go to most conferences, you leave feeling energized but the action falls short. Your experience offers accountability to act on intentions.

Inga Lee Returning Participant

As a young and recent graduate just starting my professional journey, I was deeply moved by the opportunity to connect with so many extraordinary women in leadership. I'm leaving with some new insight and more invaluable connections.

Jada Burton Participant
